" The dangers of arbitrary and inconsistent viewpoint censorship are only increased when enforced by governments using opaque procedures that fall woefully short of due process and are insensitive to local context, including sarcasm, satire and humour. "

Strawberry Cough ?

While on a visit to Canada , where recreational marijuana use is legal , Hillary Rodham Clinton (HRC) experiences her first "strawberry cough ."

Some people say that I'm too late, but I want police in Canada to *fight* organized crime - not *be* organized crime. That is why I've legalized marijuana

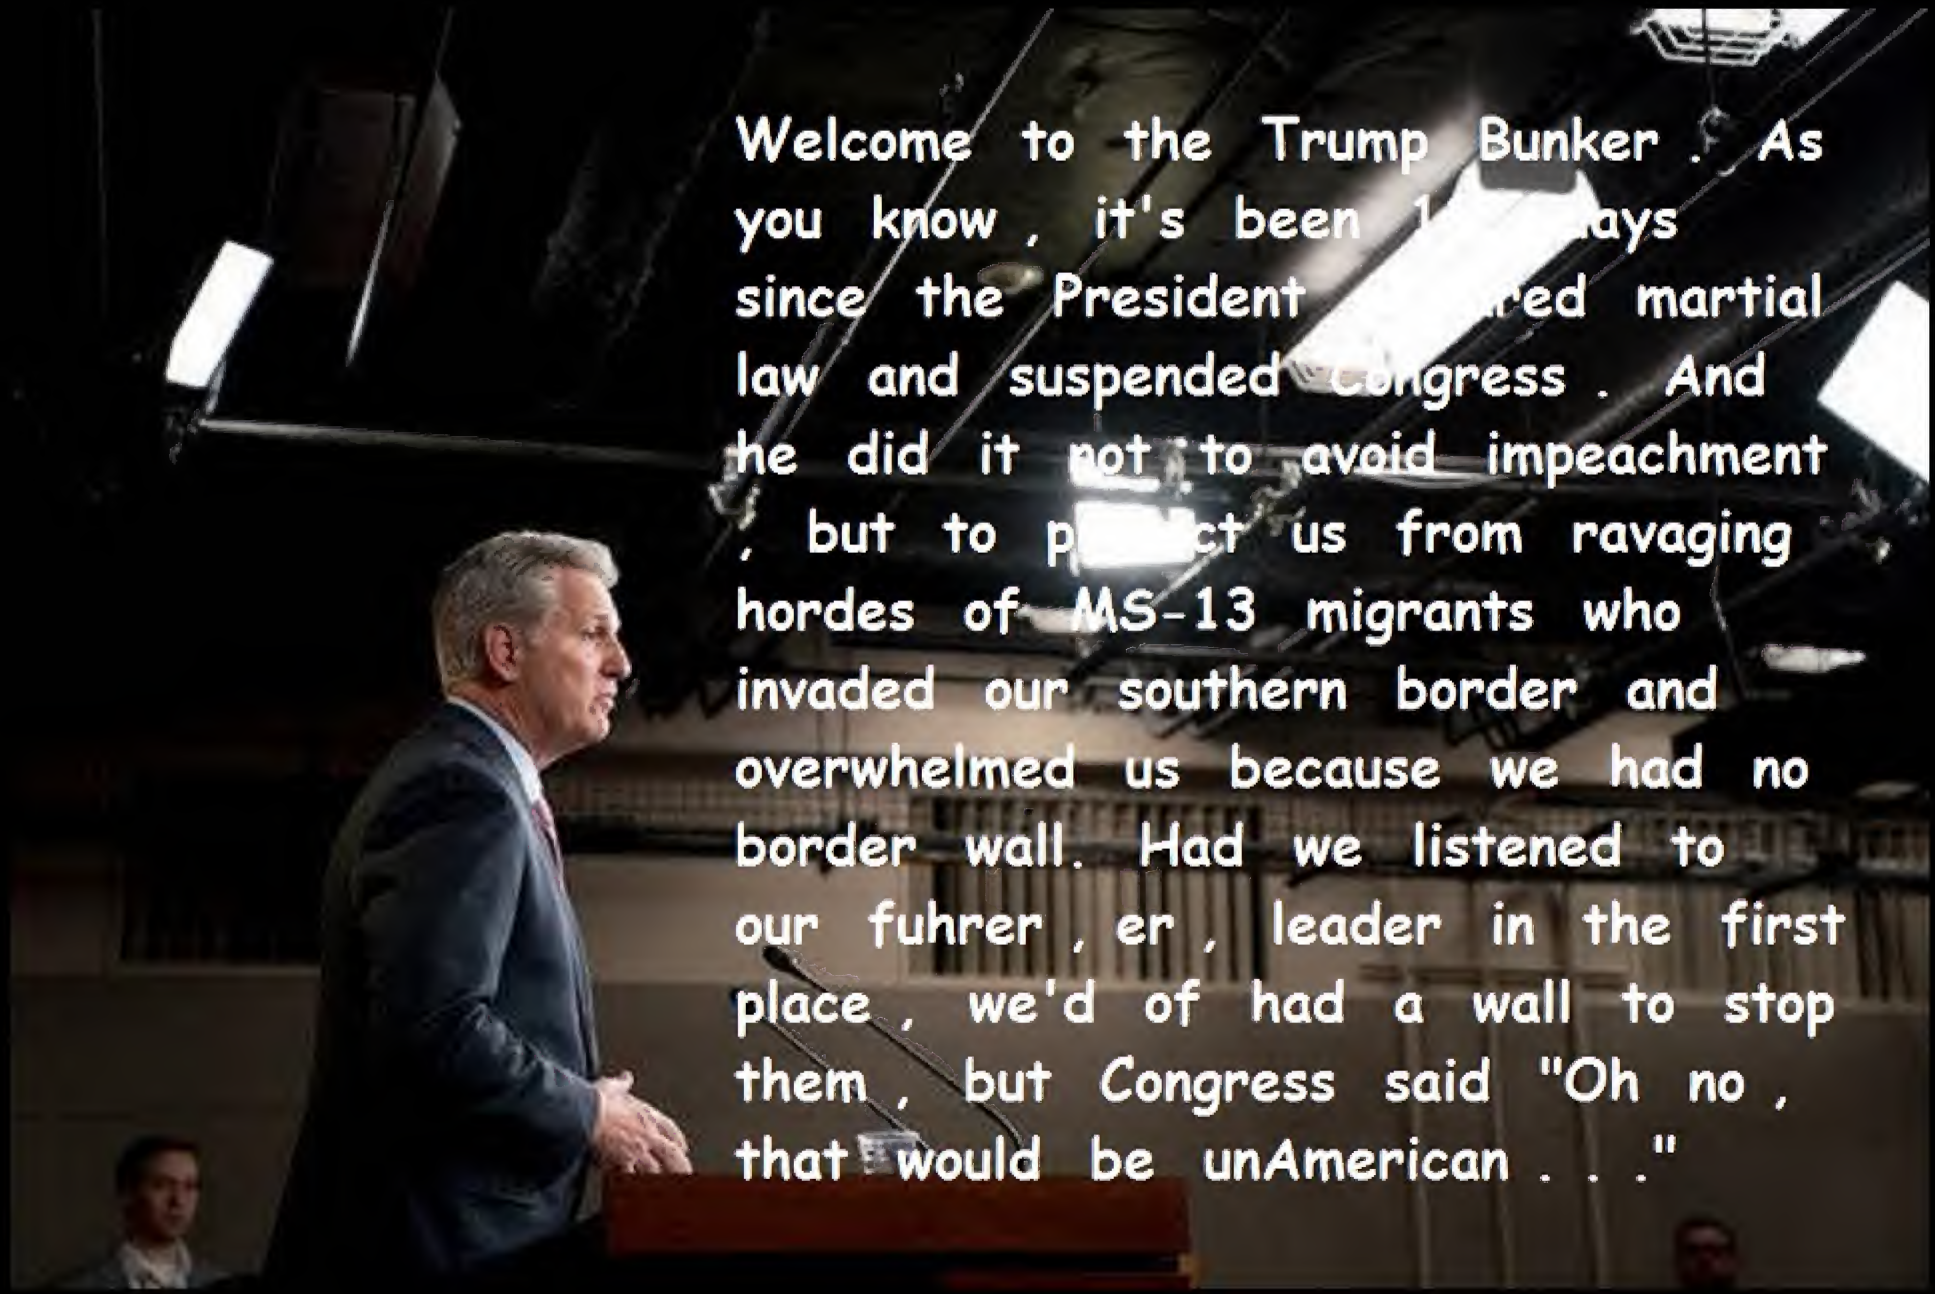
ahem

Just 'cuz a cop likes to shoot niggas don't make him into some kinda rascist .



Welcome to the Trump Bunker . As you know , it's been 1 ays since the President red martial law and suspended Congress . And he did it not to avoid impeachment , but to p ct us from ravaging hordes of MS-13 migrants who invaded our southern border and overwhelmed us because we had no border wall. Had we listened to our fuhrer , er , leader in the first place , we'd of had a wall to stop them , but Congress said "Oh no , that would be unAmerican . . ."

Just 'cuz cops like to gun down niggas, don't necessarily make 'em all racist haters .

When I gave MI-6 an EAT, I had no idea their Prime Minister Theresa May would mistake it for a feminine hygiene product.

This is a most serious matter . . . I parked my camel in the PPL - Parliamentary Parking Lot - and when I returned , he was gone . Stolen . I suspect the Conservatives thieved him for one of their strange tea-bagging rituals .
